WHY JOIN OUR TEAM

Interesting international IT projects are waiting for you

Modern tools will facilitate the performance of even the most complex tasks

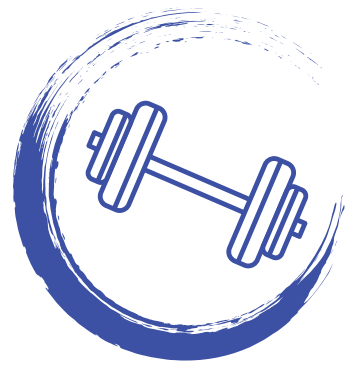

High occupational hygiene guarantees well-being

Fast decision-making path, great independence and the ability to create your own solutions - these factors characterize our team

We put health first, which is why we provide a medical care package

A healthy mind in a healthy body, which is why we offer sports packages

Qualified employees with great experience who are great mentors - will say what you will not learn in any studies

Modern office in a convenient area of Łódź - you won't spend half a day in traffic jams and looking out the window you will soothe your eyes with the view of the forest

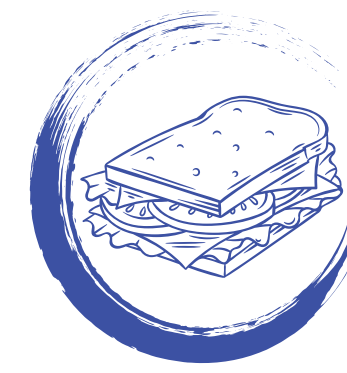

Fruit and vegetable Mondays, a tasty morsel after an active weekend will give you energy for the new week

You will have a company magazine and book rental service at your disposal

We organize integration events because we know how important a good atmosphere is

Delicious sandwiches and "home made" salads are waiting for you every day

We guarantee an automatic coffee that will stimulate you to action

We inspire each other during training

We have free parking

We offer group insurance
